

an active attacker or threat

An "active attacker" is defined as "an individual actively engaged in killing or attempting to kill people in a confined and populated area. Attacks are unpredictable in any environment. Individual mental and physical preparation is necessary before law enforcement can arrive.

RUN

If a safe path is available,

- **RUN** – Do not hesitate
- Leave your belongings
- **Discourage** others from entering the area
- Find your way to a **designated safe area**
- **Do not stop** to assist wounded
- **Call police** when it is safe to do so

HIDE

If you can't get out safely,

- **HIDE** – Stay out of the attackers view
- Be quiet
- **Silence** your phone
- **Lock/barricade** doors
- **Call police** when it is safe to do so

FIGHT

As a last resort,

- **FIGHT** - with **absolute** commitment
- Be **physical** and **aggressive**
- Be **loud** and vocal
- Consider using **objects as improvised weapons**
- Fight to **incapacitate** the attacker
- **Call police** when it is safe to do so
